DEPARTMENT OF PUBLIC SAFETY ADMINISTRATIVE REPORT

TO: Deputy Chief Monique D. Smith

DATE: 02/05/2020

THRU: Sergeant Tiffany Charles 

NUMBER: ZB-20-101

FROM: Detective Uffessa Mosley

SUBJECT: **Zoning Board Hearing (175-177 22nd Street, LLC)**

Ma'am:

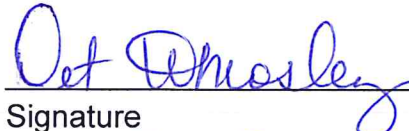

I have reviewed the application and plans submitted by (175-177 22nd Street, LLC). As presented I do not foresee any problems with the plans to construct a 5 story 24 unit multi-family residential dwelling with parking on the currently vacant lot, so long as during the construction phase the planned modifications do not conflict with existing traffic conditions relative to the flow of motorist and pedestrian traffic, current parking conditions for citizens and public safety. However, I do advise that the following be addressed.

- Security method that will be used during the construction phase to protect the construction site and equipment. (Examples: Gates/Security Officer or Hired Police Officers) and/or if any security method will be used at all.
- Times which the construction will be carried out.
- Types of equipment that will be used and where such equipment will be stored when not in use.
- Motorist/Pedestrian traffic detours that will be made if any.

Respectfully Submitted,

Det. Uffessa Mosley # 385
